

TEMPO™ SATA EXPRESS 34

SERIAL ATA HOST ADAPTER FOR EXPRESSCARD/34 SLOT

Part No. TSATAII-E342P

Key Benefits

- ▶ Two eSATA ports
- ▶ 3 Gb/s per SATA II controller port
- ▶ FIS-based Port Multiplier-aware to support up to 10 disk drives⁽¹⁾
- ▶ Supports Mac OS® X, Windows® XP Pro, and Windows Vista RAID features
- ▶ Drive activity LEDs

Mac Compatibility

- ▶ MacBook Pro (15" and 17")
- ▶ Mac OS X Version 10.2 or later

Windows Compatibility

- ▶ PC notebook (with ExpressCard/54 or ExpressCard/34 slot)
- ▶ Windows XP SP 2 or later
- ▶ Windows Vista

Technical Notes:

⁽¹⁾ Support for 10 drives requires the use of drive enclosures employing port multipliers (like Sonnet's Fusion D500P, Fusion D400Q, or Fusion R400Q). When using an enclosure without a port multiplier, Tempo SATA Express 34 will support 2 drives.

⁽²⁾ Western Digital manufactures Desktop edition (WD Caviar, Caviar SE, Caviar SE16, and Raptor X) hard drives and Enterprise (RAID) Edition (WD RE, RE2, and Raptor) hard drives. Each type of hard drive is designed to work specifically in either a desktop computer environment, or connected to a RAID controller (hardware or software-based). If you intend to configure Western Digital drives in a RAID set, Sonnet and WD recommend using only their Enterprise edition hard drives. For more information, see this Western Digital FAQ.

SATA On-the-Go

Sonnet's Tempo™ SATA Express 34 ushers in a new level of higher disk performance capability for the mobile professional. Whether you capture and edit video content in the field, the studio, or home, Tempo SATA Express 34 sets the bar high for mobile storage products.

The Tempo SATA Express 34 controller has two external, 3Gb/s, SATA II ports, and plugs directly into a MacBook® Pro (15" or 17") or Windows notebooks with an ExpressCard/54 or ExpressCard/34 slot.

Imagine connecting up to 10 drives⁽¹⁾⁽²⁾ for high-performance applications, such as Apple's Final Cut Pro®. With two external SATA drives attached in a RAID 0 array, the Tempo SATA Express 34 can support sustained write and read data transfer speeds of 100 and 110 MB/sec, respectively, which is about three times as fast as USB 2.0 or FireWire connections to the same drive setup.

Offering native SATA speed in a compact mobile package, Sonnet's Tempo SATA Express 34 redefines the definition of disk speed for the creative person on-the-go.

TECHNICAL SPECIFICATIONS

Warranty	1-year limited warranty
Bus Interface	ExpressCard/34
External Connectors	Two eSATA
Drives Supported	Up to 10 ⁽¹⁾
Data Transfer Rate	Up to 125 MB per second per port
